

Mid-Atlantic Region of VMCCA

Description:

The Mid-Atlantic Region of the VMCCA was formed December 6, 1998, with the purpose to supplement the activities of the VMCCA.

We are an active group that promotes touring and fellowship with cars 25 years old or older. Our members would rather drive their cars on tours, visiting sites of interest, than spend the day at car shows and car judging events. Our first tour was to Maryland in April 1999 with 8 cars and 16 people. We have grown to over 80 families participating on many local tours and some as far away as Cape Cod and Kentucky. Our members drive cars from the 1920s to the early 1980s. Although most tours include a car related stop, the majority are of interest to everyone. As with most old car clubs, eating is an important part of all of our tours.

Address Line 1: 12630 Ivy Mill Road

Country: USA

State: Maryland

City: Reisterstown

Zip: 21136-5137
