

Carsmetic Tint

Description:

Carsmetic Tint is an authorized dealer for 3M automotive window films. All films are cut using our Graphtec Plotter and cutting software. We only carry high quality window tint by 3M and all films are:

- Nationwide warranty backed by 3M
- Recommended by The Skin Cancer Foundation

The 3M window tint we carry are Metallic Shade, FX Premium and the state of the art Crystalline film.

We specialize in 3M Crystalline, a clear breakthrough in automotive window films. It is the absolute highest heat reduction window film available for your car. It comes in 40, 70, and 90 percent VLT. The 90 percent VLT can be installed on your windshield due to its clarity. Crystalline will provide cooler interior temperatures that will reduce your AC usage, which will improve fuel economy. Feel more comfortable during your daily commute by installing Crystalline, the only advanced window film in the market.
