

SOUTHERN WHEELS CAR CLUB

Description:

The Southern Wheels Car Club is a non-profit organization formed in 1997 with a two-fold purpose:

We wanted to establish a family-oriented club bringing together car enthusiasts for common activities such as cruising to shows together, participating in holiday events, hosting and attending cruise-ins, etc. Secondly and equally important, we wanted to form a group that could make a significant contribution to our community, participating in many civic and charitable events. We have accomplished just that. Our membership consists of almost 30 families, ranging in age from sixteen through sixty, and occupations of all kinds. We do not restrict membership to this club, anyone can apply to join.
