

Maryland Camaro Club

Description:

The club meetings provide us with the opportunity to share experiences, and to get acquainted with other Camaro enthusiasts and owners. Activities range from highly technical to solely social, with many that the entire family will want to participate in. Club meetings are held once a month and car shows are year round. Whether you own a '67, a 2015 model, or anything in between-if you enjoy your car, you should become an active member of the Maryland Camaro Club. Benefits are in direct proportion to your participation.
