

South Bay Woodies

Description:

L.A. Wood is famous for it's large display of wooden cars and classically restored vintage automobiles. Live surf music will be performed on the stage by several local bands throughout the day. Enjoy a traditional swordfish or Italian sausage sandwich while listening to the music and admiring the cars. Hamburgers, hot dogs and soft drinks are available for the kids. As always, a large raffle will be held with many great prizes like trips to Catalina Island, tires, gift certificates, clothing, accessories and a custom long board.
